

O&M Presidents Report December 2024 Delegates Meeting:

Since our last meeting, it was my pleasure to attend Tallangatta Bowling Club's 90-year anniversary celebrations. Everyone had a great day despite the intermittent rain. Secretary Glenice also attended functions at Yackandandah and Milawa Bowling Clubs where she presented 80-year badges and 90 year certificates.

It is great to see the positive impact that Commercial Club and North Albury have made in their debut season with the O&M. Both Club's have pennant sides at the pointy end of some of their Divisions and have also had members participate in State Events and O&M Representative Trial and Competition days.

I would like to congratulate the Representative Side on their successful defence of the OMBR v GMBR Challenge recently held at Shepparton East. The O&M had wins in the Women, Men and Overall competition. I would like to wish the Region representative sides the best of luck at Ballarat in January.

Good luck to all Clubs in their endeavors to reach Pennant Finals, with only four rounds remaining the race is on for many clubs to secure a top four position.

On behalf of the Board I would like to wish you and your members best wishes for the Christmas New Year period and a safe return to the greens in mid-January.

Regards,

Maurie Braden

President

O&M Bowls Region
